

BEHAVIOUR STATEMENT

The St John Bosco Catholic Academy is built on relationships that are based on trust, care and love. However, like any family there will be times when love needs to be demonstrated by assisting a change in behaviour for the better.

To fulfil our Mission, our approach to behaviour management is in line with the teachings of the Catholic Church.

To this end, we are of the view that effective behaviour management requires the following features:

- A clear approach that everybody understands
- Rewards that celebrate good behaviour
- A system that supports the improvement of poor behaviour
- Increased intervention and appropriate action to support pupils/students who have difficulty with their behaviour

In essence, we believe that "Love is repaid by love" and as such, it should be at the heart of our approach in securing good behaviour.

We promote the fact that each member of our community should be treated with equal respect and given equal opportunities regardless of race, gender, age, sexuality, religion or disability. In essence, everyone has the right to feel happy and secure and it is a shared responsibility to make sure that these are the experiences of all members of our community.

In support of our policies and actions the advice, support and training of external agencies is regularly sought to ensure that appropriate provision is available for all pupils/students and staff. The impact of our policies and practices will in turn be regularly reviewed in order to make sure we are doing all we can to promote and support good behaviour from all of our young people.
